

Fresh Picks Cafe (now part of the Whitsons Culinary Group Family Companies) is the largest provider of Child Nutrition programs in New Hampshire. We currently operate in more than 50 public school districts, 30 residential summer camps, and more than a dozen school based summer feeding programs throughout Massachusetts, New Hampshire, Vermont and Connecticut.

At Fresh Picks Cafe, we operate with a strong commitment to our New England communities. We approach every new relationship with a fresh perspective and work diligently to build a solid base of trust and understanding so that everyone is heard. Also, for more than 25 years we have made a commitment to our local farmers, always purchasing local first using our comprehensive Farm-to-School network. We also foster direct relationships with local farmers and co-operatives to purchase directly from growers. It is our goal to provide the very best food service that the New England region has to offer, while investing in our own communities.

Enhancing Life One Meal at a Time™
